

Dear [Hiring Manager],

I am writing in application for the [front-end developer] position at [GivingData] as advertised in AngelList. My training and experience in the field of programming and web design along with my ability to [react.js and typescript] make me the perfect candidate for the job. I know that I would be a valuable addition to the team at [GivingData].

I have a Bachelor's Degree from Chinese University of Hong Kong and have more than 8 of experience as a web developer. I have extensive knowledge of [react.js, angular.js, vue.js, jquery] as frontend, [express.js, laravel, asp.net, django, flask] as backend.

I am excited to be applying to [GivingData] and for the opportunity to be [front-end developer] at your company. I truly admire about your company strategy and would feel privileged to a member of the team at [GivingData].

Please find attached my resume. Feel free to contact me directly should you require anything further.

Thank you for your time and consideration. I look forward to hearing from you.

Sincerely,

William Lee.
